ALBERTO NICCO

Video editor and videomaker with training in **Cinema and Communication Media Engineering** and a strong artistic streak oriented towards visual storytelling. My journey was born from **cinema and documentary**, areas in which I developed narrative and aesthetic sensibilities, and today also extends to the creation of **video content for brands and digital communication**, taking in-depth care of all phases of post-production, from editing to sound design up to to the final rendering of the image.

TECHNICAL SKILLS

- Filmmaking & Cinematography: Integral shooting management, frame composition and direction of photography.
- Video Editing & Post-Production: Narrative and commercial editing with advanced workflow in Adobe Premiere Pro and DaVinci Resolve.
- Motion Graphics: Creating 2D animations and animated titles in After Effects for social media and advertising.
- Color & Sound: Professional color correction and sound design aimed at the emotionality of the story.
- Creative Direction: Developing original concepts, creative writing, and building visual language.
- Video Engineering & Technical Post-Production: Deep knowledge of video formats, capture and compression codecs, and optimized export management for different distribution channels.
- Workflow Integration & Mastering: Advanced management of software interoperability via XML, EDL, and AAF; file standardization for post-production and preparation of masters for finalization.

TOOLS & LANGUAGES

- Software: Adobe Creative Suite (Premiere, After Effects, Photoshop), DaVinci Resolve.
- Languages: Certified C1 English (ideal for international productions or destination weddings).
- Soft Skills: Management and coordination of creative teams, work organization, and strict adherence to deadlines

EXPERIENCE

Growtize Holding
2025-April 2026

- High-Volume Video Production: Management and finalization of hundreds of monthly video content, ensuring consistency of quality and strict adherence to deadlines in a fast-paced environment.
- Performance-Driven Editing: Production of short videos, VSL and advertising for the Italian market that have generated tens of thousands of views, optimizing engagement through the strategic use of hooks and narrative rhythm.
- Advanced Motion Graphics: Development of 2D animations and dynamic graphics to support visual storytelling to increase the effectiveness of commercial messages, also relized with generative AI.
- Workflow Efficiency: Optimizing post-production processes, from editing to sound design, to scale the production of creative assets for cross-platform social campaigns

Freelance Collaborations — Videomaker & Video editor
2023 – present

- End-to-End Video Production: Complete management of video productions for private and corporate clients, taking care of filming, direction of photography and advanced post-production.
- Music Videos & Event Filmmaking: Making music videos and wedding films with a documentary approach, focused on the emotion of the story and the utmost attention to color correction.
- Brand Consistency: Development of visual content tailored for professionals and small businesses, ensuring stylistic consistency and impactful visual language.
- Technical Versatility: Using professional equipment and industry-standard software (DaVinci Resolve, Adobe Premiere) to deliver products ready for the big screen or digital channels.

Citynews — Videomaker & Field Reporter
January 2026-presente

- Field Production & Interviewing: Design and conduct interviews with entrepreneurs, professionals, and representatives of local associations, with independent question development and comprehensive management of the relationship with the interviewee in the field.
- Short-form Documentary Production: Production of short-form news reports, integrating archive material on the interviewee's activity and interview footage into a coherent and immediate visual narrative.
- End-to-End Workflow: Autonomous management of all stages of production, from research and question preparation to field filming, to editing and delivery of the final service.
